

# ANTON PROSHIN

+7(906) 669-99-99 ◇ Moscow, RUS

[pinchedrock@gmail.com](mailto:pinchedrock@gmail.com) ◇ [github](#) ◇ [telegram](#)

## EDUCATION

---

**Bachelor of Applied Mathematics and Informatics:**  
National Research HSE University

2024 - 2026

**Bachelor of Applied Data Analysis and Artificial Intelligence:**  
National Research HSE University

2022 - 2023

## PROJECTS

---

### [Shop Without Cashiers](#)

- Using ML for recognition users
- Automatic sales system by user's face
- Implemented user registration, terminal for face comparison,  
Back-end component (camera operation, QR decoder, Data bases)

### Binance trading bot

- Implemented trading algorithms and their synergy
- Implemented a Telegram bot with notifications

### Python Auto-publish to VK communities list

- Using vk\_api

### cloud calculation of stock availability in marketplace warehouses

- Implemented the DataBase logics

## EXTRA-CURRICULAR ACTIVITIES

---

- Winner of the Constructor Open Cup 2024
- Took part in Yandex Meetups
- Physical-Technical High School courses
- Discrete Math and Mathematical Analysis courses on Stepik

## SKILLS

---

**Programming Languages:**

C++, Python

**Skills:**

Algorithms and Data Structures, Discrete Math, Calculus, Linear algebra

**Languages:**

Russian (native), English (Upper-Intermediate)

**Technologies:**

git, Django, OpenCV, face-recognition, PostgreSQL, Linux
